

To whom it may concern:

While I think back on my experiences at Margareta High School, I think about all the opportunities I was given as a student. These opportunities came from in the classroom and outside the classroom. Some of these memories that I recall include being involved in various athletic teams, volunteering my time through community activities in the FFA, and having impactful teachers in the classroom. These activities and experiences helped build my knowledge, team building skills, and confidence in myself that has allowed me to become an upstanding citizen, professional, and parent today.

I feel the small class size and the support of a community gives students the opportunities to thrive. I am always proud to say that I am a graduate of Margareta High School and the education that I received. Passing this levy would give students the support that they need to be successful in the future.

Jennifer (Lidke) Keck, Class '97
