

MARGARETTA HIGH SCHOOL

Community Service Form

This form serves as a record of a student's involvement in a community service project facilitated by a group or organization. To ensure that these service hours contribute towards graduation requirements, they should begin no earlier than June 1st before a student's freshman year and must be concluded by March 1st of their senior year. The chosen group or organization should actively advocate for community service, and examples could include an Eagle Scout project, a 4-H initiative, to a community service project where the student takes on the role of organizer and lead person through school or community groups (such as Project Share, Church affiliation, or student council). The documentation of hours must be recorded and verified by the project supervisor

Your Name: _____ Graduation Year: _____

Name/Location of Community Service: _____

Date	Starting Time	Ending Time

Total hours for this service: _____

Please describe what you did for the service:
