

Margaretta Local Schools Student Wellness & Success Plan

Tier 1 Support

- Provided by School Counselor
- Curriculum and training supplied through ADAMHS board grants: ROX & Sources of Strength
- Can refer to Erie County Health Department or Family Health Services, in addition to other community providers, as deemed necessary. List of providers shared with parents as requested.
- Services are free of cost to all students and available daily.

Tier 2 Support

- Provided by Erie County Health Department (community partner)
- School Nurse serves as the first line of defense. Can refer to community providers or for additional community based services through the local health department. Can help link to agencies covered by insurance.
- Provides general physical health monitoring for all students in school setting with individual general practitioners at the clinic.
- Services are free of cost at the School Nurse level. Nurse will work with providers for appropriate insurance coverage and Erie County Health Department accepts all forms of insurance and Medicaid.

Tier 3 Support

- Provided by Family Health Services (mental health treatment provider)
- Certified Social Worker/Therapist provides direct services to child. Can refer to specialized community provider through FHS such as pediatric psychiatry or general practitioner services.
- Provides general practitioner services for wellness checkups, illness, and other physical health complaints.
- Family Health Services will work with families regarding insurance coverage and FHS accepts all forms of insurance and Medicaid.
