# Staff Messages to the Class of 2020

Congrats to the Margareta Class of 2020 on all of your achievements! While this isn't the ending you expected for your school career, it is uniquely yours and still worth celebrating. Best of luck in all your endeavors!

~Mrs. Heather Wiley

Nicole Super Abramczyk- "Who will I harass when you are done? I already miss it."

Regan Patten- "What will I do without all your faces of exasperation during my math classes?"

~Mrs. Laurie Keefer

To the Class of 2020:

Through this era of uncertainty, there is one thing that is certain...you are still in control of your future. I believe that there is a reason for everything. We may never understand those reasons. However, as long as you continue to build on the educational foundation we have built together, I have faith that you are destined for success. Each of you have left a footprint at Margareta. No matter what your future holds, you will always be a part of the Margareta family.

**WE ARE MARGARETTA!**

~Mr. Rod Smith

To the Class of 2020,

The end of your senior year may not be what you hoped for or anticipated, and I'm sorry for the memories you've missed. You will find that life outside the classroom is just as much a roller coaster as these last couple of months have been. Buckle up, pray and enjoy the ride. It truly goes by so quickly! Blessings!

~Mrs. Kristine Gray

To the Class of 2020,

Congratulations on graduating. I know it is difficult to see the end of your schooling at Margareta because of the absence of the celebratory finish that you and your families have been anticipating for so long. You have made it through, and your future is bright whether it is noticeable right now. You will be entering a world of uncertainty, but as the saying goes, this too shall pass. Stick to the positive experiences and people who have attempted to aid you in your life's journey up to this point. Utilize the knowledge that you have gained and make the future yours to shape. Stick to your core values and think through where you would like your life to go and then get to work. You will face all sorts of challenges in your future, but it is how you respond to them that makes you who you are and will be. Always be the person you want to be when people are looking, but even more importantly, when people aren't looking. I wish you nothing but the best and good luck to you all.

Yours in History,

~Mr. Matt Schwan

**Favorite high school memory:** Going on a field trip to BGSU my freshman year and being able to look back and say that I visited my dream school where I will attend in the fall.

# Staff Messages to Class of 2020

Dear Seniors,

The quote I chose for my high school yearbook was, "Enjoy the little things in life, because one day you'll look back and realize they were the big things." I feel this quote is even more applicable to the Class of 2020. We enjoyed this school year, but maybe not as much as we would have if we would have known it would end abruptly in March. I had so much more for you-more laughter to share, more lessons to teach, more memories to make. One thing for sure, the Class of 2020 will never take any moment for granted again. You will be stronger because of what you went through. You will always hold a special place in our hearts. We Are Margareta!

Love,

Miss Comparette

Dear Class of 2020,

While these last few months were not the ending you anticipated, I am so proud of your resilience and optimism. This school year will certainly never be forgotten, but more importantly, neither will your accomplishments in academics, athletics, FFA, art, music and community service. You are a special class who has an exciting future ahead. I look forward to seeing where your next adventure takes you. Best of luck and congratulations!

~Mrs. Lindsay Miller

Seniors,

It has been an honor for me to be able to work along side of you during your senior year. Your class is an exceptionally motivated and an enjoyable group of fine young men and women. You definitely have had a different end to your year, but I have no doubt you will graduate representing Margaretta High School with dignity and class! Best of luck with your future plans and I would like to leave you with my class motto from my graduation: "With the wisdom of the past and the knowledge of the present, we will bring peace in the future." God bless each and every one of you.

~Mrs. Susan Cullen

Behind you,

all your memories.

Before you,

all your dreams.

Around you,

all who love you.

Within you,

all you need.

~Mrs. Sandy Martin

I wish all the best to the MHS graduating class! You will never forget 2020. God bless you and I know you will make your parents proud;)

Quote for the Class of 2020:

"Life is unpredictable. Make the best of what life gives you."

~Mrs. Melissa Depinet

The Class of 2020 will officially have a spot in the history books!

Congratulations and best of luck for the future!

~Mrs. Lauren Drossman

Today is the first day of the rest of your life. Work hard and enjoy it.

~ Mr. Chris Miller

To the Class of 2020,

It's unfortunate that you missed out on the last quarter of your senior year and the things that go with it such as prom and traditional graduation.

On the other hand, congratulations for pulling off the most successful senior skip day EVER!!

Good Luck with your future plans!

~Mrs. Jamie Bonnigson

10% of life is what happens and 90% is how YOU respond.

The unprecedented times has been very difficult as you close your senior year.

~Mr. Steve Keller

-Seniors,

What a year! I know that this was not the way you wanted your senior year to end. This is just a fine example of how life can throw us a curveball and we must adjust. You can stand there and take the strike, or swing and hope you connect. Through it all, I'm sure the majority of you were able to adjust to virtual learning and this will only make you more prepared for college life.

I just wanted to let you know that I feel very honored that I was able to get to know most of you through either Study Hall or possibly SADD. I really did miss seeing and getting to talk with you daily these last 2 1/2 months. I hope that soon, we will run into each other and can catch up.

Congrats again on your graduation! You are the Class of 2020 and will always be able to look back at the different graduations that you and other schools had that were so different to the 'basic graduation.'

Stay in touch and God Bless!

Class of 2020,

I would like to congratulate you on reaching this very important milestone in your life. Moving forward you will be faced with many challenges. How you react to those will be important. Do not let others or tough circumstances determine who you are or what you become. Make your own way in this world.

I wish you the best of luck!

~Mr. Mike Yantz

# Staff Messages to Class of 2020

Congratulations and best wishes,  
wherever your path may lead!!  
~Tiffany Fisher

I miss you all! This bump in your  
journey will no doubt make you wiser,  
stronger, and more determined than  
you ever thought possible!  
~Mrs. Chris Smith

Dear Class of 2020,

I know your senior year did not end as you  
expected. There was no prom. There were no  
banquets. You didn't get your last performance or  
last game or last meet. You didn't get to see just  
how far you could push yourself or how far you  
could go. You don't get the typical graduation  
grandiose graduation ceremony signifying the end  
of your high school education and celebration as  
you and your classmates enter the next steps of  
your life.

I know you are angry. We are all angry. But it had  
to be this way.

One thing I do know is it will be okay. You will be  
okay. Over the past years, I have looked at your  
faces and into your eyes and have seen  
happiness and joy, but I have also witnessed  
occasions of disappointed and discouragement.  
I've seen you grow and mature and I am amazed  
at how well you adapt and adjust to whatever is  
being thrown at you. This situation is no different.  
You will take a moment to be sad, angry and  
disappointed, but you will rebound and come out  
of this stronger and more focused than ever.  
That's just the way you are. One day, you will  
reflect on this amazingly horrible situation, this  
part of history in which you lived, and share your  
experience with your children and grandchildren.  
They will learn strength and perseverance from  
you.

I am so proud of each and every one of you, and  
it has been my pleasure to teach you. I can't wait  
to see just how amazing your live will be.

And, well hey....when you are feeling down, just  
remember...the Class of 2020 pulled off the  
greatest senior skip day EVER!!!

Best of Luck and Much Love,  
Mrs. Vicki Meyers

To the wonderful class of 2020,

These are my two favorite Bible verses  
that I would like to share with you. I hope  
they give you comfort, hope and peach as  
you make your journey to the next stage of  
your lives. God Bless you all.

Kindly,

Mrs. Connie Harkness

# Staff Messages to Class of 2020

You were born during the unprecedented period of 9/11, and are now graduating during a world pandemic. Know that you are experiencing a chapter of history that will be taught to future generations. I ask that you be true to yourself, even when the world is not at its best. Face your unpredictable future with a little humor, generosity and grace. Although hard at this moment, know that you can endure obstacles like this even when you didn't think you could. This self-actualization will serve you well through the many challenges that you will face in life. As you face these challenges, I encourage you to live by this quote from Mark Twain, "It is never wrong to do the right thing."

Best of luck. I wish you well Class of 2020!

~Mr. Steve Gravenhorst

Class of 2020:

Move through life boldly and bravely. Use this experience to learn who you are and that which you stand.

~Mrs. Sara Weller

Dear Seniors,

Congratulations on your graduation!

Although your senior year didn't end the way you thought it would, you are officially a graduate nonetheless!

~Mrs. Melissa Kuns

Class of 2020,

Congratulations on your special day! This is the culmination of all of your hard work and dedication. Use the knowledge and information you have gained to go out and show the world who you really are! Don't let anyone stand in your way of achieving greatness.

Best of luck with all of your future endeavors!

~Mrs. Lisa Wurzel

To the Class of 2020,

Have you watched the movie **Seven Pounds**? At the end of the movie credits is a song called *Have no Fear* by Bird York. I realize this has been uncharted times for you, friends and your family during this pandemic; however, you are not alone!

*Have no Fear* by Bird York

have no fear  
in your heart  
though you feel  
you've been broken and lost

there's a world where we  
will meet again  
there's a place that mends your hurt  
and takes you in

there are times  
faced alone  
when you find  
all the holes in yourself

you don't have to walk  
the night on your own  
I will send a prayer with you  
to lead you on  
I will say a prayer for  
when You have gone

Congratulations, Class of 2020

~Mr. Dennis Mock, Superintendent Margareta Schools

# Staff Messages to Class of 2020

To the Margareta Class of 2020,

**"When life gives you lemons, you make lemonade!" "The grass is always greener on the other side of the fence." "Through struggle and sacrifices comes strength and power."**

I have read so many cliché sayings all over social media trying to inspire and lift up the Class of 2020 because of the current crisis we are living through. But I say people are not giving the Class of 2020 enough credit! Yes, there have been disappointments and heartaches and frustrations due to this pandemic. You have missed out on some things that are important to you and that is upsetting. But what I see in the Class of 2020 is a group of young adults who are already strong and resilient. You are dealing with **"the new normal"** and **"rising to the occasion."** You know that this is not an ending but a new beginning and you are ready **"to go out into the real world."**

So when I was asked to say a few words of encouragement and help to inspire the Class of 2020, I wanted to be completely *original* and not just repeat the things you've been told for the past 10 weeks, So here goes...Be strong as you move forward in adjusting to the **"new normal"** (Dr. Fauci). Understand that high school was a great place to grow up, however, **"nothing lasts forever but at least we got the memories."** (J. Cole) And know that you have your whole life ahead of you and **"to live in an awfully big adventure"** (Peter Pan) in itself so you should make the most of it at all times! Even when you feel things are not fair or you've been slighted. No matter what life throws at you know you should always **"strive for greatness."** (LeBron James) **"You have your brains in your head. You have feet in your shoes. You can steer yourself any direction you choose!"**

(Dr. Seuss) Go on with your life as planned, making the minor adjustments to fit our new norms of society and don't let others get you down. Remember that **"a happy soul is the best shield for a cruel world."** (Atticus) Always make the most of every situation! **"Turn your wounds into wisdom."** (Oprah Winfrey)

So....Class of 2020, I encourage you to go out and be great, make memories, make mistakes, learn from your experiences and in the future, make the world a better place because you **"have nothing to lose but something to gain"** (Eminem) from all of this.

Congratulations Class of 2020!

~Mrs. Marnie Szymanski

Good luck with all of your endeavors...focus on the positive things in life...Enjoy the wonders of the world around you; life is awesome!

~Mr. Jim King

Class of 2020:

Congratulations on this achievement, which should be a first in a list of many to come. Remember that the very best of your life is yet to be lived, and that you alone define and control what your success will look like. Be a good human, do good for others, and have fun!

~Mr. & Mrs. Reardon

Class of 2020,

Your senior year has been historic. Go into this unknown world and make a positive impact that will be historic as this year.

I wish you all the best!

~Mrs. Samantha Lane

You can't go back and change the beginning, but you can start where you are and change the ending.

Best of luck to you all!
